Viña y Bodega

Crash Blanco

Beba/Verdejo/Macabeo

Fresh and fruity; packing a powerful, flavoursome palate that is full with balanced acidity and true Mediterranean character.

Crash Rosado

Garnacha Negra/Cabernet Sauvignon

Brightly coloured, has a fresh and fruity nose with a great character of red berries that persist on the palate making it exceptionally easy to drink.

Crash Tinto

Tempranillo/Syrah/Grenache/Garnacha Tintorera

A nose of sweet stewed fruit and cloves, a very soft palate of layered red fruit with a chewy mouthfeel and warming finish.

Pago los Balancines was founded in 2006 by a group of wine enthusiasts, who have now succeeded in their determination to make a mark with outstanding wines from this emerging area of Ribera de Guadiana. The DO, within the Extremadura region in the far west of Spain, was officially created in 1999.

Pago los Balancines has a commitment to offer wines of great value comparable to the standard of any other wine region in Spain. To this end they work to the highest levels of quality, not only at the winery but also in the vineyard where neither effort nor resources are spared to achieve a superb raw material - grapes. Without these, the aim of producing outstanding wines with subtle nuances and positioned against a benchmark of quality, would not be viable.

The vineyards are located in Balancines, a wilderness of the same name, which belongs to the municipality of Oliva de Mérida (Badajoz). This unique place is nestled between two mountains at an altitude of 400 metres making the area a special place to grow the varieties used in the wines. Expertise, great effort and continuous quality control provide the winery with the best grapes, all of which are hand picked. Dedication continues in the vinification: regular tastings of each varietal batch and selecting of the best barrels achieves the perfect blend for the wines.

In all of the Crash wines you will find a world of aromas and flavours, readily appreciate the efforts of a team committed to excellence and, in the end, experience new surprises.

Crash is packaged with 6 different pop-art inspired labels in each case for consumers to mix or match.

These wines are targeted at the daring and uninhibited: serious wine drinkers with a sense of adventure and fun.
